From (Name) Dr. S. R.U. Savoor, M.A., D.Sc., I.E.S

(Designation) Director of Public Instruction,

To The Secretary to the Government of Madras,

Education & Public Health *Department.*

In their order No.600 Education dated 1-4-46, the Government sanctioned, besides an annual recurring subsidy towards the entire net cost of maintenance, a non-recurring subsidy of Rs.24,000/- towards the full cost of the ~~initia~~ initial equipment to be purchased for the Municipal Anglo High School, Bellary, in 1946-47 and authorized payment ~~the~~ in the current year - Rs.8025/- in G.O. Ms.839 Education 24/4/47 and Rs.9500/- in G.O. No.1122 Edn. dated 3/5/47.

2) The Commissioner, Municipal Council, Bellary, ha now submitted an application for an equipment grant of

Rs.24,794/- for the purchase of equipment to the municipal Muslim High School, Bellary during 48-49. The District Educational officer has scrutinised the indents and recommended that sanction may be accorded for the purchase of Furniture, Geographical books and Maps, Library books and Physical Education books at a cost of Rs.4128/-

3) I request to be informed whether the institution is eligible for a subsidy towards purchase of equipment during 48-49 and future years and also whether the subsidy should be paid on the basis of the full cost or half cost of the equipment to be purchased

4) The favour of an early reply is requested as the question of including the scheme in Part II of Budget Estimate for 1948-49 has to be considered by the Director shortly.

ubsidy - Equipment - Municipal Council Bellary - Purchase during 1948-9

From the DPI. RC. no 1580-G.2/47 dy 28.8.47

Memo. No 69835 B1/47-3 Edn d 1.10.47

The DPI is informed that out of the non-recurring subsidy of Rs 24,000 sanctioned to the Bellary Municipal Council in G.O. no 690 dated 1.4.46 towards the full cost of the ini equipment to be purchased for the Muslim Ur school, the govt have authorised the payment of sum of Rs 18,425 only in the current year (Rs 8925 the cost of purchase of furniture + library books and Rs 9,500 for laboratory articles and equipment.) and is a balance of Rs 5,575 yet to be paid. As total costs of the equipment to be purchased in 19 recommended by the DEO is only Rs 4128, there

will be no objection to the payment of a subsidy towards the full cost of that equipment in 1948-9 provided the municipal Council does not require in the current year any amount over & above what has already been authorized for payment in the current year or the amount that would still be left out of the subsidy already ". But of the furniture costing Rs 11,836, already purchased articles worth Rs 2793 were disallowed as excessive if the school is to function with Form IV only. As the school is actually functioning as a complete high school & has been moved to a new rented building, the articles of furniture purchased for the Manual Training section, Laboratory and the higher forms will be used. The DPI is requested to ascertain & report whether the Council proposes to apply for subsidy towards the cost of this equipment in the current year or whether it will be met from the municipal funds. Pending a reply from the Commissioner & Special Officer on this point, the Director may (provisionally) include in the Part II Estimate for 1948-9 provision towards the full cost of the equipment recommended by the DEO.

3 The DPO is requested to submit the application Commissioner Bellary Municipality containing details for the equipment proposed to be purchased at a cost of Rs 24.794 together with the recommendation of the DEO thereon return along with the reply to this memo

- J B M I T T E D, with reference to Government memorandum No.69835-B.1/47-3/Education, dated 1st October 1947. Regarding the letter C.No.1/4486/46, Dated 13th May 1948 of the Commissioner referred to in the District Educational Officer's letter, attention is invited to Government Endorsement No. 69835/B1/47-9/Education, dated 24th May 1948 wherein copy of the said letter has been communicated by Government to the Director. Since the original letter of the commissioner is with the Government, copy of the same is not enclosed now.

2. As suggested by the District Educational Officer, Type-writers are not necessary for the school now and hence the commissioner may be informed that typewriters should not be purchased. The Commissioner may also be informed that the balance of subsidy i.e., Rs.4,375/- (Rs.5,575/- minus Rs.1,200/-) will be paid only after the remaining articles are actually purchased by the Municipal Council and a report make to that effect.

3. Consequent to the suggestions made above the amount that will still be left over out of the original sanction (i.e.,Rs.24,000/- vide G.O.690/Education dated 1st April 1946) will be only Rs.1,200/- and this amount alone can be sanctioned towards the Indent under reference made by the Municipal Council in connection with the Budget Estimate for 1948-1949 and for which the District Educational Officer has recommended a subsidy of Rs.4,128/- referred to in the Director's letter R.C. No.1580/G2/47 dated 28th August 1947 addressed to the Government. The application of the Municipal Council containing the details of equipment proposed to be purchased at an estimated cost of Rs.24,794/- together with the recommendations of the District Educational Officer thereon are herewith submitted as required for reference and return.

4. Regarding the excess of equipment of Rs.2,793/-, the Commissioner has stated that the payment to the contractor has been made in December 1947 and the Furniture is in use now.

Sir,

Copy of letter R.C. No.419/E/44, Dated 18th May 1948 of the District Educational Officer, Bellary, to the Divisional Inspector of Schools, Anantapur.

SUB: SUBSIDY - EQUIPMENT - MUNICIPAL COUNCIL - BELLARY.

REF: R.C. NO.C.1-4486/46, Dated 13-5-48 of the Commissioner, Municipal Council, Bellary.

---

(1) In continuation of this office R.C.No.419/E/44, Dated 11-5 I submit herewith the letter of the Commissioner, Municipal Council Bellary giving the detailed particulars of equipment purchased so and yet to be purchased out of Rs.24,000/-.

(2) A non-recurring subsidy of Rs.24,000/- towards the full cost of the initial equipment to be purchased for the Municipal Muslim High School, Bellary was sanctioned in G.O.690-Edn., dated 1-4-46. The Commissioner, Municipal Council, Bellary has apportioned this amount as follows:-

1. Furniture including commercial manual training and laboratory.	Rs.	11,836/-
2. Laboratory equipment.		9,500/-
3. Library Books, -maps and charts.		950/-
4. Typewriters.		1,200/-
5. Manual Training and Wood work tools.		514/-
Total.		24,000/-

(3). Out of this a subsidy of Rs.8,575/- towards the cost of furniture and Rs.350/- towards the cost of library books maps, and charts was sanctioned in G.O.No.Edn.839, dated 24-4-47 and a subsidy of Rs.9,500/- was sanctioned in G.O.No.1122, Education, dated 3-6-47, towards the purchase of laboratory articles and equipment.

(4). Thus a total subsidy of Rs.18,425/- has been paid out of Rs.24,000/- sanctioned. The Commissioner, Municipal Council, reports that articles for Rs.19,978/4/0 have actually received and the Headmaster, Municipal Muslim High School, Bellary, certifies that he has received all the articles referred to by the commissioner for Rs.19,978/4/0.,. His certificate is also enclosed.

(5).The Commissioner, requests that the balance of Rs.5,575/- may be paid to him. Out of this amount a sum of Rs.1,200/- sanctioned for Typewriters may be disallowed as commercial subjects are not introduced in the school and the typewriters are not necessary. In a small school with about 400 pupils and without suitable accommodation too many options are not a hindrance to efficient work than a help as the number of pupils who will be taking this optional subject will be insignificant when the engineering course is proposed to be introduced in this school as an experimental measure in this school. An amount of Rs.4,375/- being the balance of Rs.5,575/- Rs.1,200/- (disallowed) may be paid during 1948-1949 provided the articles are purchased before the 31st March 1949.

The Municipal Commissioner will be informed that typewriter should not be purchased if you approve of my recommendation

(6). As already reported in this office R.C. No.419-E/44 dated 11th May 1948 the Commissioner, Municipal Council, report that the Council is not in a position to meet the expenditure from its own funds in the first instance and requests that the same may be paid as an advance

(7). The Commissioner, Municipal Council, reports that with regards to the excess equipment referred to, the payment to the contractor has been made in December 1947. and the Furniture is in use now.

Sub: Equipment grant--Municipal Muslim High School, Bellary--Application submitted for 1948-49.

Ref: Application dated 8-4-47 from the Commissioner, Bellary Municipality, together with its enclosures.

SUBMITTED to the Director of Public Instruction, Madras, with a copy of letter R.C.No. 117.E/47 dated 5-8-1947 of the District Educational Officer, Bellary.

2. The entire net cost of maintenance of the school is met from provincial recurring subsidy with reference to G.O.No.s. 690.Edn. dated 1-4-1946.

3. The Special Officer and the Commissioner of the Municipality has already been permitted to incur an expenditure up to an extent of Rs.1825/- during 1947-48 towards furniture, books, laboratory and other equipment (vide G.O.No. 839 Edn. dated 2-4-47 and G.O.No. 1122 Edn. dated 3-6-47).

4. As per the recommendation of the District Educational Officer which is supported, the estimated cost of the indent comes to Rs.4128/- as detailed below:--

1.	Furniture:	Rs. 3305.
2.	Geographical: Books and maps.	189/6
3.	Library books.	473/7
4.	Physical Education books.	160

CND 159092/47

It is, therefore, recommended that the scheme at a cost of Rs.4128/- may be approved and provision made in Part II schemes for 1948-49 for the payment of the entire amount by way of non-recurring subsidy.

Ref: L.Dis.5010/4/ dated 25-7-1947 of the Commissioner and Special Officer, Bellary Municipality.

--

In continuation of this office R.C.No.117.E/4/ dated 25-6-47 I submit herewith the application for equipment grant on behalf of the Municipal Muslim High School, Bellary, in duplicate for 48-49 with the following remarks:

FURNITURE INDENT: The strength of the school is 420. Already there are 170 dual desks which provide for 340 pupils. So the remaining 80 pupils require 40 dual desks at one dual desk for every two pupils. Hence 40 dual desks costing 1600 (instead of 100) are recommended. So the total amount for items 1 to 8 comes to Rs.3305. Typewriters are not recommended as there is no necessity for this optional in a small school.

2. List of Geographical Indent for books and maps amounting to Rs.189-6-6 is recommended.

3. Indent for books amounting to Rs.473-7-0 is recommended.

4. List of Physical Education Library books amounting to Rs.1.0/- is recommended.

5. Apparatus and permanent equipment for physical education is not recommended as it is an item to be met from games fund. Moreover the school has still no grounds of its own and permanent fixtures cannot be had in private grounds.

So an amount of Rs.4127-13-6 under equipment grant is recommended for 1948-49 under items 1 to 4.

This is an institution the net cost of which the Government have undertaken to bear. So, no resolution agreeing to meet half the cost is enclosed, as it appears to be unnecessary.

(a) How the scheme considered to be specially urgent and absolutely necessary.

Being newly started this school is sadly in need of the equipment which is the minimum requirement.

(b) An extract from the remarks regarding equipment offered in the last tabular inspection report and the review thereon.

The school has some furniture and books but not a laboratory which is shared with the Hindu school. This arrangement is very unsatisfactory. Maps of some of the continents are not available. There are many press problems threatening the existance of the school.
1. First is the want of accommodation.
2. Second is the paucity of suitable staff.
3. Third is the formation of good Physical science laboratory and a copious library. Unless these are satisfactorily solved one long work of an efficient type will be impossible more especially in the higher forms. The management is earnestly requested to tackle these problems early enough so that the school may have a happy augury for the year 1947-48 ahead.

" " D.P.I, Rc No 1580 A2/47 dt 22-7-48.

Order 2112 Education dated 2.5.8.48

In Go no 690 Education dated 1.4.46, Govt sanctioned a non-recurring subsidy of Rs 24,000 to the Municipal Council, Bellary towards the full cost of the initial equipment to be purchased for the Municipal High School for Muslims. A subsidy of Rs 18,425 has already paid to the municipal Council the balance yet remaining to be paid is Rs 5,575

The Commissioner Bellary Municipality has reported that furniture, laboratory equipment library books & maps costing Rs 19,978-4-4 have already been purchased and supplied to the school. Deducting the subsidy already paid, the amount that has to be paid towards this expenditure is Rs 1553. The Govt sanction the payment to the Municipal Council Bellary

With reference to the application of the Commissioner Bellary Municipality for a subsidy of Rs 24794 towards the purchase of equipment to the newly opened municipal high school for Muslims during 1948-49, the D.P.I. enquires whether the institution is eligible for a subsidy/ in future and if so whether the subsidy should be paid to-wards the full cost or half the cost of the equipment to

2. Under the existing orders no subsidy is admissible towards the cost of the purchase of equipment for secondary schools opened by local bodies after 1950. Instead of Govt. opening a separate high school for Muslims they permi-ted the municipal council to open a school by undertaking to pay as a special case a recurring subsidy towards the entire cost of maintenance of the high school and also a subsidy towards the full cost of the initial equipment to be purchased for the school On the same basis, it seems necessary to sanction as a special case a subsidy towards the full cost of the equipment to be purchased in future years also. The financial position of the municipal council is not satisfactory and it may not be in a position to meet half the cost of the equipment to be purchased for the Muslim high school ~~as~~ and for the other high school already maintained by it every year

full cost of the initial equipment to be purchased for the school. Under the existing orders, no subsidy is admissible towards the cost of the purchase of equipment for secondary schools opened by local bodies after 1930. This treatment was, however, shown to the school in question in view of the special reasons given in para. 2

Please see the remarks of the Finance Dept on page 2 ante
Although the Commissioner, Bellary has submitted proposals
for the purchase in 1948-9 of equipment costing Rs 24,792
the D.E.O. has recommended the purchase of articles to the
value of Rs 4128 only and the subsidy will usually be limited
only to the amount recommended by the D.E.O. This will be within
the sum of Rs 5575 still remaining to be paid to the medical
out of the subsidy of Rs 24000 already sanctioned There will
therefore be no objection to the payment of a full subsidy
towards the purchase of equipment at a cost of Rs 4128 in
1948-9 provided the municipal council does not claim any
more subsidy in the current year

Please see the letter from the DPO and the DEO Bellary
on pl. 13-15 of A. As suggested therein, the Commissioner

(Previous Finance note on pp 1-2 above)

The further note of E+PH on page 4 above may be perused.

2. Finance may agree with the to the proposal/ views of E+PH in their note on Page 4 above Subsidy are in accordance with this Department's note on p. 2 above. The Subsidy should will be limited to S'1,575/- as suggested by this Dept
